novacoast

MFA **Starter Project**

Jumpstart Your MFA Journey with Novacoast.

Empower your organization's security infrastructure with Novacoast's MFA Starter Project, designed to accelerate the implementation of your Multi Factor Authentication (MFA) service. Our Starter Project is designed to provide a solid foundation for your MFA initiative, enabling you to hit the ground running with confidence and jumpstart your MFA journey with a plan and tooling for bringing it organization wide.

MFA Starter Project Includes:

Platform Design & Build

- ✓ Set up **one non-production and one production environment** in a single data center or SaaS.
- ✓ **Seamless integration** with your existing Identity solution for User management and basic password authentication.
- ✓ **Integration with your existing security solution** for logging and SIEM integration.

Process Design & Build

- ✓ Develop processes for implementing and deploying **MFA** within your organization.
- ✓ **Authentication Methods:** which methods work for your organization and what will they be used for.
- ✓ **MFA Infrastructure:** what authentication tools will you use.
- ✓ **Support:** how will you support authentication: help desk, self service, standards, developer training, etc.
- ✓ **Deployment:** rollout of MFA services to first group of users and systems.

Use Case Implementation

- ✓ Determine what **Authentication Methods** your organization will use.
- ✓ Enroll a **limited population of users** in the MFA solution.
- ✓ Integrate **one application/system** with the new MFA solution
- ✓ Configure **help desk and self service** functions if available in the selected tool

Training & Knowledge Transfer

- ✓ **Comprehensive documentation** of Solution
- ✓ **Documentation of Processes** developed during the project.
- ✓ **Knowledge transfer session** with your staff responsible for supporting and improving the MFA solution.

Why Novacoast?

Decades of experience in cybersecurity enable us to offer expert guidance and support for your Multi-Factor Authentication (MFA) needs. We specialize in MFA delivery beyond Starter Projects in the following ways:

- ✓ **Expert Guidance And Roadmapping**
- ✓ **MFA Health Checks**
- ✓ **MFA Advisory Services**
- ✓ **24/7/365 Co-Managed MFA Services**
